

MRS. GLADYS EVANS, WIFE OF Y-12ER GEORGE EVANS, of Mechanical Operations, has just finished piling a wheelbarrow full of rubbish from her home in her Spring housecleaning work in the picture at left, showing the wear and tear on the person. At right she calls to her husband to "hurry home and help."

## P-TA Council Reelects Y-12er As President

### Cloyd Starts Second Term As Head Of Group

E. E. Choat, a design engineer in the Y-12 Industrial Engineering Department, was reelected president of the Oak Ridge Parent-Teacher Association Council last week. He will be entering his second term in office. Choat came to work in Y-12 in 1953.

E. E. Choat

Two other Y-12ers also were selected to office by the Council for the coming year. They are Roger Cloyd, Development Operations, vice president; and Paul Petretzky, Chemical, treasurer. Mrs. Louise Booth, whose husband is with the H. K. Ferguson Co., was named secretary.

The new president has been active in P-TA work for several years at the Willow Brook school in Oak Ridge. He has served as president, treasurer and chairman of several committees at Willow Brook.

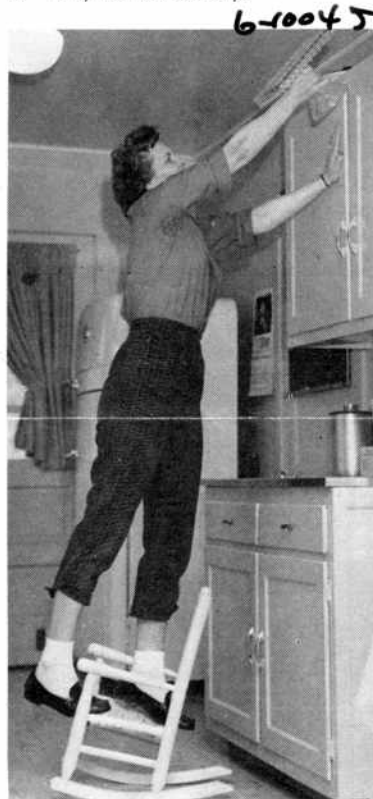

The Oak Ridge P-TA Council is made up of units from 10 different schools in the city and has a membership of approximately 4,400.

### BABCOCK, VOORHEES NAMED

Hugh H. Babcock and Roland Voorhees have been appointed as assistant managers of Union Carbide Corporation buildings materials department. Babcock joined UCC in 1936 and has been manager of planning for the Union Carbide Development Company since 1956. Voorhees has been assistant technical director of the Development Company since 1956 and has been with the Corporation since 1935.

### SAFETY SCOREBOARD

The Y-12 Plant Has  
Operated  
129 Days Or  
4,207,000 Man-Hours  
(Unofficial Estimate)  
Without A Disabling  
Injury  
Through April 17  
Phone 7755  
For Daily Report  
On Accident-Free Hours

IN THESE PICTURES MRS. EVANS POSES TO SHOW THE ABSOLUTELY WRONG way to use unsuitable articles on which to stand, instead of safe ladders, to do Spring cleaning. At left she teeters dangerously while standing in a child's rocking chair to reach an article on top of a cabinet. At right she finds the adjustable chair not high enough for her to reach the ceiling for painting—so she hauls out a kitchen saucepan for more elevation. She faces the danger of slipping from her perch on the saucepan or having the metal saucepan skid on the metal seat of the chair—either one of the possibilities capable of causing a serious fall.

STRESSING THE DANGER OF MATCHES, Mrs. Evans takes time out during her Spring housecleaning in the picture at left to warn her little daughters, Martha, 28 months old, left; and Susan, 4, holding a molasses bucket containing book matches, not to play with them. Use of the molasses bucket with a tightly-fitting cover that thwarts the efforts of Susan to open the container, is a safeguard against the youngsters obtaining the matches, as shown in the picture at right, as Susan tries vainly to remove the lid.

## Don't Let A Fall Mar Your Spring Cleaning—

## Homes As Well As Plant Receive Spring Clean-Up Week Attention

### Y-12er's Wife Has Safety Message For Others; Mops And Brooms Vigorously Wielded In Plant

As Carbide employees in the Y-12 Plant Area got a running start last week toward observance of Spring Clean-Up Week next week, their wives began similar activities around their homes in Oak Ridge and elsewhere. Clean-Up Week is officially set to begin Sunday, April 24, and continue through the following Saturday, April 30.

One of the housewives who took advantage of some of the fine weather last week to begin disposing of rubbish and excess items that had accumulated during the winter, is Mrs. Gladys Evans, wife of George Evans, of the Mechanical Operations Division and who is serving as a fire, safety and security coordinator in organizing the Clean-Up campaign in the Y-12 Plant.

### Both Ardent Safety Advocates

At the trim Evans home at 106 Norman Lane, Mrs. Evans last week graciously cooperated with The Bulletin in compiling a picture story—or rather a safety lesson—for wives facing the annual spring housecleaning chores. Both Mrs. Evans and her husband, parents of two attractive young daughters, are ardent advocates of safety both at home and at the plant.

In the pictures at left, Mrs. Evans demonstrates some of the "wrong ways" to approach the housecleaning problems from the standpoint of safety. She hopes that the especially posed pictures may bring a safety message to other wives on how to avoid household accidents.

### Falls Cause Most Injuries

One of the specific messages Mrs. Evans wishes to convey to other housewives is the danger of falls while cleaning houses. Falls cause more home injuries than any other source—and Mrs. Evans warns: "Don't let a fall mar your Spring cleaning activities."

Meanwhile, at the Y-12 Plant, brooms and mops already were being wielded vigorously all over the premises. Trash and rubbish was being corralled and removed from many buildings, work areas and office quarters were being cleaned and other steps taken to eliminate all possible fire and accident hazards that might have accumulated during the winter months.

Divisional and departmental safety meetings were stressing the clean-up theme. Numerous inspections were held—and planned for the days prior to Clean-Up Week.

The Y-12 divisional coordinators, Fire Department members and individual employees throughout the plant are confident that the 1960 Clean-Up Week campaign will make the Y-12 Plant a cleaner and safer place in which to work.

## German Scientist To Talk At ORNL Physics Seminar

The Physics Division of the Oak Ridge National Laboratory will hold a seminar at 3:15 o'clock on Friday afternoon of this week, April 22, with H. Schopper, of the Johannes Gutenberg University, Mainz, Germany, as speaker. The meeting will be in the auditorium of Bldg. 4500, ORNL. The discussion subject will be "Measurement of the Circular Polarization of Gamma Rays." Y-12ers interested in the topic are invited to attend the session.

J. C. Thompson

## Y-12er To Get AWS Meritorious Award

### Thompson Will Receive Award In Los Angeles

The American Welding Society will confer a high honor on a Y-12er at the AWS convention in Los Angeles, Cal., next week. The Y-12er, J. C. Thompson, a supervisor in the Mechanical Inspection Department, is to be awarded the AWS District Meritorious Certificate Award at a convention session next Monday, April 25. Similar awards will be presented to approximately 11 other AWS members from other districts in the country.

The awards are made annually by the AWS to members deemed to have performed outstanding service to the society through advancing the science of welding by education and example. Each AWS district nominates its own candidate for the award and the Northeast Tennessee Section of the AWS, of which Thompson is a member, is in the Southeastern District.

Thompson is a past chairman of the Northeast Tennessee Section of the AWS and now is serving as secretary of the group. The section has numerous members in the Y-12 Plant and other Carbide installations in Oak Ridge.

## Gun Collectors Group Sets Meeting On Saturday Night

Another session of selling, buying and swapping of unique firearms by the Smoky Mountain Gun Collectors Association has been scheduled for Saturday night of this week, April 23, at the Ridge Recreation Hall. The meeting will run from 7 p.m. to 11 p.m. and all collectors of old or rare firearms are invited to attend. President of the association is M. C. Weist, of the Y-12 Engineering Division.

THESE PICTURES SHOW THE ROLICKING GOOD TIME HAD BY A GROUP in the Enriched Uranium Recovery Department April 2, with a dinner and dance. At left is an overall picture of the group with Process General Foreman Bill Crow, master of ceremonies, standing

left center rear, making a brief talk. In the center picture Bob Trent, right, is highly hilarious over his door prize. Others, from left, are Jean Schill, Department Superintendent F. M. Tench and Mr. and Mrs. Jack Terrell. The folks standing in the picture at right are enjoying

a game staged as part of the program. Standing at left and laughing at the antics of the participants is Thiera Flood, who conducted the program. The first couple, center, is Russ Smith and Janie Thornton. Then at right are Marie Tilley and George Stephenson.

### Brahm's Requiem Will Be Offered In ORCMA Concert

The Oak Ridge Civic Music Association will present an ambitious climax to its current season of concerts tonight, Wednesday, April 20. The Oak Ridge Chorus and the Oak Ridge Symphony Orchestra will join forces to present Brahms's Requiem. Concert time is 8:15 p.m. in the auditorium of the Oak Ridge High School.

Edward Francis will conduct the Requiem. Soloists will be Bettye Brown, soprano; and Charles Sanders, baritone; both of Knoxville.

The Requiem is a large cyclical work of seven movements. Brahms selected the text for the composition from Old and New Testament passages, beginning his work in 1856.

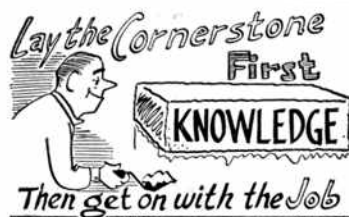

The Oak Ridge Symphony, under direction of Eugene Cohen, will open the concert with Bach's "Come, Sweet Death" and Cherubini's "Anacreon Overture."

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

David L. McCord, Mechanical Maintenance; Gobel Hoskins, Guard; J. J. Winslett and Jack Neal, Sunflower Shop; C. A. Boyd, Beryllium Fabrication; F. L. Salts, Research Services; V. S. Cerro, Development Operations; O. C. Haney, Process Maintenance; Howard E. Schultz, General Machine Shop.

When a man is resting, his heart contracts 70 times each minute. During a lifetime of 70 years it beats at least two and one-half billion times—an amazing machine.

Wonder who hoppon to that prediction of a blizzard for April 13 by the Old Lady of the Mountains over around Crab Orchard? One of the latest reports quotes her as saying she was "misquoted." Oh well, who gives a whoop now—seeing as how Spring just seems to HAVE to be here.

So, working out the Spring fever—here goes with the excellent reports from folks in many, many departments. F&M leads off.

#### FINANCE AND MATERIALS

Timekeeping has sent its congratulations to Robert Davis and Mrs. D. who observed their 25th wedding anniversary on April 5. To add to their happiness their daughter presented them with a brand new granddaughter on the same day, naming the youngster Elizabeth Allen. Speedy recovery wishes are extended M. F. Moore, in Oak Ridge Hospital. J. A. Shell and family were Florida vacationers last week.

Engineering Records' delegate to Daytona Beach this week is Helen Ross. Evelyn Crouse motored down to South Carolina over the Easter holiday. Frances Patton celebrated the same occasion by moving into her new home in Crossville.

After returning from vacation up Nawth wearing a beautiful diamond ring, Janice Hildebrand, Plant Records, week ended in Chattanooga. No wedding date has been set by this young lady as yet. Emma Puckett spent the holidays up in Ol' Kaintuck, visiting kin folks in Shelbyville and Louisville. Dot Connor is visiting her mother in Chattanooga this week.

Property's Geraldine Watson and her husband, Lewis, General Machine Shop, drove over to Memphis for Easter. Noah Ensor and family are vacationing in North Carolina this week.

Home at Lake City is the vacation hideaway chosen by Pearl Lindsay, Reproduction. Good luck wishes go along with Richard Humphrey and John Goughnour, who terminated recently.

Fully equipped for a summer of fun is Ray Reagan, Traffic with new boat, trailer and motor.

Daytona Beach also has attracted Kay Steed, who does the secretarial chores for Division Supt. Ed Ellis.

F&M Administration was wondering one day last week when Eddie "Grandflappy Snowdrift" Pluhar took one of those abbreviated one-day vacations whether (1) he was laying Easter eggs for a kid-dies hunt party or (2) planting one of the principal ingredients for this colyum—corn, that is—in his garden.

#### TECHNICAL

You've doubtless heard the old song about the chap who "rambled all around, all around the town"—well that's Special Projects' George McGown—in his new automobile by the same name.

#### CHEMICAL OPERATIONS

Beta Two reports that Ed Bostic spent his vacation cruising around

Norris Lake in search of the elusive finny creatures abiding therein—orders for piscatorial fare were left at his LaFollette home. R. C. Smith and spouse visited relatives in Nashville over the past week end. Nancy Stutts is vacationing in sunny (?) California—visiting one brother, Wynne, at San Bernardino, and another, Don, at Blythe.

Colex Operations extends condolences to Bob Bratcher, whose father died recently. Bill Geldmeier is trying to get ahead of the annual big parade to Florida—he's going to Orlando and "all around." Jim Owens is taking it easy in Knoxville and Morristown. Mike Jordan week ended in Cincinnati, Ohio, and T. S. Arnold did likewise at his farm in Ol' Virginny. Earl Tweed, Henry Greene and Don Vanover had to learn the hard way that motor boats cannot be operated without putting gasoline in the tank, which could explain why they didn't catch any fish. Chuck Dinkins is going to try his luck at turkey hunting over Catoosa way.

#### SHIFT SUPERINTENDENTS AND UTILITIES

Irene Reed, of the SS Office, had her brother from Cincinnati, Ohio, as an Easter visitor.

Utilities welcomed P. L. Beeler back last week after his recent illness. A. H. Norman and family went down to Hialeah, Fla., for the holidays. The W. S. Everett clan went over to see Middle Tennessee relatives during the week end. C. H. Jarvis and J. A. Braden went turkey hunting at Catoosa. Jean Jones and her husband took off to see their folks in Middle Tennessee. J. D. Tolliver visited his father in Williamsburg, Ky., last week. Vacationers include A. W. Byford, visiting his daughter in Dayton, Ohio; J. S. Wilson, off fishing somewhere; and E. A. Wells, working around his home.

Fixing up his new house is occupying the vacation time of H. D. Baker, Steam Plant. The R. P. Mann family spent the holidays moving into their new home on Tulane Ave. Scotty Elsbree spent the same period visiting his mother in Sunbright. J. D. Sweeney and folks visited relatives in North Carolina over the week end.

#### ENGINEERING

Mechanical Engineering folks spent the long week end visiting, playing hide and seek with the bunny and airing new attire in the Easter parade. Those visiting were the Earl Smiths, spending the week end visiting her folks in Athens, Ga.; Dick Allen and the missus were in Oneida seeing her folks; Nora Moss dropped in on home folks in Winchester, Tenn.; while Roy Huddleston found his egg basket at home in Crossville. Joann Sheahan is enjoying a visit from her parents, of Detroit, Mich. The E. E. Palmers spent part of their leisure time boating on Ft. Loudoun and Douglas Lakes. Ken Palmer was catching up on his golfing over at Martel. Don Stinnett worked on his new home

THIS COMMITTEE PLANNED the enjoyable dinner and dance staged April 2 by a group in the Enriched Uranium Recovery Department celebrating its anniversary of organization. From left are Jean Schill, Frank Thurman, Thiera Flood and Process General Foreman Bill Crow.

in the Grove Center area of Oak Ridge, hoping to occupy same in a couple of weeks. L. L. Brown is at home this week entertaining kin folks from Kansas.

#### MECHANICAL OPERATIONS

Returning to the Forming Department from vacation last week was W. V. Kanipe, who (our correspondent says—and these are her quotes) spent a "nice, quiet (?) week at home." Congratulations to a very Proud Pop, R. C. Andrews, who is vacationing the week to get acquainted with the newcomer.

General Machine Shop folks have been busy of late congratulating K. P. Emert and his missus on the birth of a daughter April 2 at Ft. Sanders Presbyterian Hospital, Knoxville, weighing nine pounds, three and one-half ounces. Condolences are extended Tom Howard, whose mother died April 11 at Athens, Tenn. New employees recently welcomed by the Shoppers are G. E. Mastin, C. E. Scarberry, C. H. Price, J. W. Price, K. H. O'Kelly, C. W. McGovern, L. H. Clowers and H. E. Hammack, Jr. Kathleen Milligan, the Colyum's long-time and able agent in the GMS, spent the Easter week end in Atlanta. During those same holidays Peggy Ledford went over to Sylvia, N. C., and Guy Tate went to Nashville to visit his daughter and her family. The Shoppers are glad that James E. Barton has been dismissed from Oak Ridge Hospital. Lucille Pruitt has had her son and daughter home from colleges for spring vacations. Ed Hargis vacationed last week, partly at home in Lenoir City and the rest visiting relatives in Carthage and Nashville. Charley McAmis also was away last week, fishing off Clearwater, Fla.

The Beta Four Heavy Machine Shop welcomed W. B. Redmon back to work last week after his recent illness. Newcomers for whom the welcome mat was dusted off are C. E. Costner, C. E. Blume and C. A. Weaver. M. E. Green and E. V. Hawk are vacationers, believed to be fishing and taking things easy.

The TW Shops extend get well wishes to C. E. Jennings, L. K. Phillips, F. O. Fox, P. A. Fritts and L. H. Russell. C. W. Watson is vacationing—but not leisurely. He's

Continued on Page 4

### Group In EUR Stages Fine Dinner-Dance

All the party goes in the Y-12 Enriched Uranium Recovery Department still are talking about the anniversary dinner-dance staged Saturday night, April 2, at the Starlight Room of the Oak Terrace, by one group of the department. A total of 63 guests attended the shindig and after dinner, a short program was staged and the festivities concluded with dancing until the small hours of the following morning.

Door prizes were awarded Bob Trent, Annabel Legg, Tip Hickey, Norman O'Neil and Jean Schill. After-dinner talks were made by Department Superintendent F. M. Tench and Process General Foreman Bill Crow. On the dance program was one square dance with movements being called by Frank Thurman.

### Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

#### 15 YEARS

Oller C. Collins, Electrical, April 24.

James C. Booher, Guard, April 25.

#### 10 YEARS

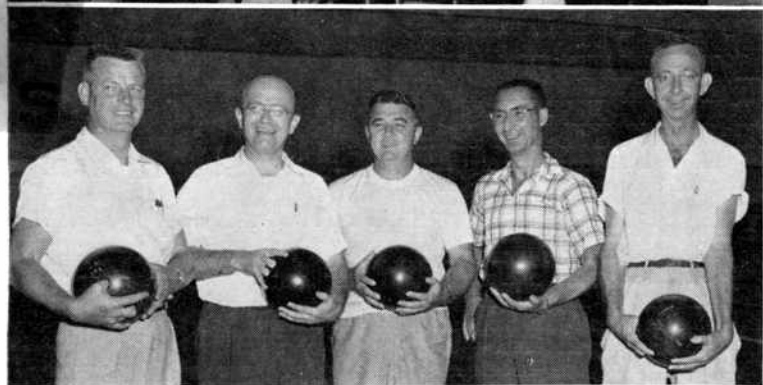

Roy W. Coker, Electrical, April 24.

Adolph H. Coling, Beryllium Fabricating, April 24.

If you have the ability to criticize use it freely on yourself.

SHOWN ABOVE ARE TWO Y-12 BOWLING TEAMS competing in different leagues. The top picture is of the SPs of the C League. Standing are, from left, Elbert Scott, Roy Campbell and Bobby Joe Phillips. Seated are Finley Creigh and Capt. J. C. Bryan. The lower picture shows the Tigers of the Classic League, the keggers being, from left, J. D. Franklin, R. D. Smith, Frank Tiller, Elbert Scott (yes, it is the same guy that appears in the upper picture and he had to hurry to get down there), and Bill Freels.

## Sunflowers Nose Closer To Crown In C Loop Windup

The Sunflowers nosed a little closer to the second half of the season title in the C League of Y-12 bowlers April 11 by handing the SPs a three-point defeat. The second-place Engineers lost one-half point by gaining only an even split of two points each with the D Shift keggers and the Alley Cats could only keep pace with the leaders by humbling the Hookers for three. In other engagements the Par Busters popped the Knot Heads, IBMs topped the Big Five and the Chillers cooled off Murderer's Row, each by three.

Ray Galford again was the big gun in the Sunflowers attack with a 621 scratch series that included a 225 scratch game for high in both categories. M. C. Bays, Par Busters, had the top handicap scores of 241 and 662.

League standing follows:

Team	W	L
Sunflowers	43	17
Engineers	40½	19½
Alley Cats	39	21
Big Five	36	24
Par Busters	35	25
IBMs	31	29
SPs	27½	32½
Chillers	24	36
Hookers	23	37
D Shift	22	28
Murderer's Row	21	39
Knot Heads	18	42

## Camp Area Set At Cove Lake

Three areas on the Cove Creek Wildlife Management Area on Norris Lake have been designated as overnight camping sites, according to the State Game and Fish Commission. Two of the sites are located on the right bank of the Cove Creek embayment one and one-half miles and two miles, respectively, upstream from Norris Dam. The other area, on the left bank of Big Creek, is three and one-half miles above the dam.

All three sites are accessible by boat, and camping will be limited to not more than two weeks. Signs marking the selected areas will be placed as soon as they are available.

If you don't believe in Providence—watch drivers on the highways and try to figure out what else saves them.

THIS ROUGH CUSTOMER of the finny tribe is the first entry in the rough fish class of the Y-12 Annual Fishing Contest. It is a buffalo fish, which will graze no more on the pastures of the Clinch River. The fish was caught by Jack Grigsby, Electrical, who used a worm as bait.

## Bids For Tourney Starting Times Open On Thursday

Applications for starting times for the first Y-12 golf tournament of the season will be received at the Recreation Office, Room 132-A, Bldg. 9704-2, plant phone 7109, beginning at 8 o'clock this morning, Thursday, April 21. The tournament is scheduled for Saturday, April 30, at the Deane Hill Country Club over in Knox County.

The tournament will be medal play with 1959 Y-12 tournament handicaps prevailing. Entrants will play in foursomes, with three-somes permitted if a previously arranged foursome member is unable to appear. However, no two-somes will be allowed to compete. All foursomes will start on the first nine holes of the course.

Studies by The Travelers Insurance Companies show that driver error caused 85 per cent of the highway accidents in 1958.

## Wolves, Swingers To Clash For Title In Classic League

### Both Lose Final Tilts Of Second Round But Have Ample Margins

The coveted bowling championship of the Classic League of Y-12 maple maulers will be decided on Thursday night of this week when the Wolves and Swingers square off in a roll-off for the title. The Wolves won the second half of the season honors while the Swingers came in on top in the first round of play.

Both of these teams dropped their final matches last week, the Has Beens humbling the Wolves and the Rebels routing the Swingers, each by three points. The Rippers and Bumpers ended in a tie for third place, the former losing to the Sportsmen by three and the Bumpers rolling a tie with the All Stars. Whitewash wins were posted by the Markers over the Playboys and the Smelters thumped the Screwballs and the Wasps stung the Eight Balls, each by three.

The veteran Roy Roberts, of the Has Beens, popped a 617 scratch series on the boards for high of the night and B. F. Rutherford, of the same team, has a 716 handicap series. The best single game scores were a 233 scratch and 256 handicap by R. D. Smith, Tigers. The Swingers had the high handicap game of 1093 while the Has Beens' 3026 handicap series was tops.

League standing at the end of the second half of play follows:

Team	W	L
Wolves	42	17
Swingers	35½	24½
Rippers	35	35
Bumpers	35	35
Markers	32	28
Screwballs	31	29
Playboys	30	20
Sportsmen	30	20
Has Beens	29	31
Smelters	29	31
Rebels	28	32
Tigers	28	32
Eight Balls	25	35
All Stars	24	36
Cubs	23½	36½
Wasps	22	38

## J Shift Anglers Set Rodeo April 23

The first fishing rodeo and opening event on the J Shift recreation program for the year will be staged on Saturday of this week, April 23. The rodeo will be based at the White's Creek Dock on Watts Bar Lake, south of Rockwood. Prizes will be offered for the largest catches in several species of fish and a dock prize also will be awarded through a drawing.

## IT'S 'DODO BOB' LOY AFTER HOLE-IN-ONE AT WHITTLES COURSE

It's "Dodo Bob" Loy now to pals of the Y-12er golfer-softballer whose diamond feats are well-known to old-timers. Last week Bob joined the exclusive group of golfers scoring a hole-in-one at the Whittles Springs course in Knoxville. He did it the hard way, too, using a driver on the 210-yard eighth hole for his ace. Witnesses were teammates on the Y-12 Cardinals, crack softball outfit of some years back—Bill Wilburn, Dick Wyrick and Gene Huskisson. "Dodo" Loy formerly was known as "Long-Out Loy" for one particularly prodigious fly ball he hit down in Chattanooga that looked as if it were headed for Georgia—only to be pulled in by a speedy, fence-climbing outfielder on the Peerless team.

## Toppers Blanked; Roll Pin Plasters For Crown Tonight

Probably relaxing on the last night of the regular schedule in the Mixed League of Y-12 men and women bowlers, the league-leading Toppers took a four-point whitewashing at the hands of the Nip and Tucks last week, but still ended their slate with a four-point lead over the Cool Cats, who lost three to the Scrappers. In other tilts to end the regular season the Pin Plasters treed the Alley Cats for three and the Phantoms floored the Goofers by the same margin.

The grand finale roll off for the loop championship will be held at 8:30 o'clock tonight, Wednesday, April 20, at the Ark Lanes when the Toppers will clash with the Pin Plasters, first half winners, for the crown.

In last week's alley activities the Nip and Tucks had all team scoring honors with a 673 scratch and 824 handicap game, an 1896 scratch and 2349 handicap series. Elbert Scott led that team with a 221 scratch game, boosted to 246 with handicap and a 637 handicap series. Joe Dunlap, Pin Plasters, had the best men's scratch series score of 580. On the feminine side, Mary Cusman, Scrappers, rolled a 461 scratch and 587 handicap series for best of the night. Georgia Rader, Pin Plasters, had a 171 scratch and 221 handicap game for high.

League standing follows:

Team	W	L
Toppers	36	20
Cool Cats	32	24
Phantoms	31	25
Nip and Tucks	31	25
Alley Cats	25	31
Scrappers	24	32
Goofers	23	33
Pin Plasters	22	34

## Electrical Anglers Enjoy Fishing Rodeo

The Electrical Department fishing rodeo staged April 9 at Pellissippi on Norris Lake drew 27 entrants and provided a lot of fun for the anglers. A dock prize of a rain parka was won by J. L. Morgan.

Winners in the various species of fish were Sam King, six-pound largemouth bass, spinning rod; Ed Poe, one-pound, 10-ounce smallmouth bass, spinning rod; Joe Dunlap, four-ounce bream, two boat cushions; door prize, Jack Spurling, Coleman lantern.

## Tellico Turkey Hunt Opens April 25

Hunt dates for wild turkey on the Tellico Wildlife Management Area have been set as April 25, 26 and 27, according to Charles B. Higgins, area manager. The bag limit on this no quota hunt, Higgins said, is one gobbler per person per season. Daily hunting hours will be from sunrise to sunset.

All participants must have a valid Wildlife Management Area Permit, a current Tennessee hunting license, a big game stamp and be at least 16 years of age.

Firearms will be limited to 20-gauge shotguns or larger, using ammunition loaded with No. 2 shot or smaller. No rifles will be allowed.

## Shift Recreation Leaders Changed

Changes have been announced in leadership of the recreation committees of both H and J Shifts. On the H Shift committee George Wiley has been appointed as sponsor of the recreation program. He replaces H. E. Cornell, who has been transferred from H Shift. Ed Sise remains chairman of the committee. On the J Shift recreation committee Bob Loy has been named chairman of the group to succeed Walt Sherrod. Sherrod has been transferred to another shift. Sponsor of the J Shift recreation program is D. R. Vanover.

## Whittles Golfers Perfect League; To Open In May

### 22-Team Ridge Circuit Began Play On Friday; Two Others Earlier

With the organization last week of the Whittle Springs Golf League for Y-12 players living in the Knoxville area, four circuits of divot diggers have been formed for employees of Y-12 and other Carbide devotees of the ancient and honorable sport for this spring and summer. Play in three of the loops already is underway and the Knoxville golfers probably will open activities early in May.

The Knoxville golfers elected Joe Miller as commissioner of the circuit. Gene Huskisson was named vice commissioner and Paul Galle secretary.

### 10 Teams Set For Knoxville

A total of 10 teams were signed up at the meeting last week. The group set Friday of this week, April 22, as a deadline for two-man teams to enter. Y-12 golfers living in the Knoxville area and who would like to play in the Whittle Springs loop are asked to communicate at once with the Y-12 Recreation Department, Room 132-A, Bldg. 9704-2, plant phone 7109.

The 10 two-man teams already set for action are:

Paul Galle-Don Troutman, E. L. Hendricks-Al Sawyer, Merle Emory-Leo Brookmeier, Tom Perry-D. F. Leech, Gene Huskisson-Bob Loy, R. T. Wyrick-Bill Wilburn, Joe Miller-B. M. Burris, H. C. Norris-Tom Bishop, R. E. McNew-W. E. Cunningham, Walt Sherrod-Harold Bolinger.

### To Play One Round

Meanwhile the golfers of Oak Ridge completed their seasonal plans and pushed their opening playing date to last Friday, April 15. The Ridge group ended up with 22 teams and decided to operate in one league with one round of play.

Teams competing in the Oak Ridge League are John Boyd-George Oliphant, George Mitchell-Nelson Tibbatts, Allen True-E. C. Earley, J. P. Smith-J. E. Bartholomew, O. E. Gilcrease-E. A. Crow, Jr., Bill Belvin-Clyde Hopkins, R. W. Dehoney-R. G. Orrison, Harold Ratjen-J. D. Davis, B. J. Youngblood-L. E. Burkhart, W. T. Mee-J. D. McLendon, E. F. Gambill-N. E. Hamby, Sewell Brown-Roy Roberts, Gentry Underwood-C. L. Matthews, Art Hines-Logan Emlet, John Gregory-Joe Kurtz, Jay Holzknecht-Paddy Peckman, R. V. Hill-W. C. Hoppe, Karl Kahley-George Everitt, Jack Thomson-Phil Brennan, R. W. Cloyd-D. W. Hackett, E. W. Bailey-Fred Stout and R. D. Wallace-J. M. Patterson. Substitutes for regular team golfers unable to perform on any playing date are Bill Ebert, Charley Peterson, George Evans, George Lockhart and H. C. Nichols.

### Harriman, Lenoir City Open

Getting even earlier starts were the golf leagues at Harriman and Lenoir City. Teams in these leagues are from Y-12, Oak Ridge Gaseous Diffusion Plant and Oak Ridge National Laboratory. The Harriman loop began operations on April 12 and the Lenoir City circuit on April 18.

## Peninsula Camping Permits Required

Overnight camping on the Central Peninsula Wildlife Management Area is now confined to one camping area and is permissible by permit only, according to Harold Armstrong, area manager. The site designated for overnight use is near the checking station entrance and is known as the parking lot area. Camping permits are available without charge at the checking station, Armstrong said.

at an Oak Ridge emporium for ailing power lawn mowers, helping out in the rush . . . **J. W. Gossage** plans to spend most of his vacation at home—with some fishing, of course . . . **L. Y. Morrow** is doing his vacation fishing in Alabama.

## INDUSTRIAL RELATIONS

Hippity-hopping over to West Tennessee for their Easter egg hunting and bunny seeking were **Meta Butler**, Personnel Records; and her daughter, **Betty Jo Butler**, Medical. They went to Camden, Tenn. . . . Another inmate of Mama Meta's Mausoleum, **Judy Reeves**, went over to Centerville for her holiday rest.

Also a West Tennessee week ender was **Austin Reed**, Safety, who visited in Brownsville.

Employment unrolled the welcome sign last week for **Carol Trent**, transferred to Y-12 from the Carbide Central Employment office in Oak Ridge.

The Boys in Blue and Gray of the Fire and Guard Department welcomed **Capt. Henry W. Krouse** "The Mouse" back after surgery and a long bout with the miseries . . . Fireman **E. J. Kendrick** plans three big fishing trips—and pals have urged him "not to ketch 'em all."

## MAINTENANCE

Mechanical Maintenance sends hearty get well wishes to the son of **C. E. Hudson**, the youngster underwent surgery last week . . . Sympathy is extended to **P. Pelfry**, whose mother-in-law died recently . . . Also to **C. A. Barger**, whose grandchild died last week . . . **J. C. Crowe** and family are vacationing for a couple of weeks visiting relatives in LaPorte and South Bend, Ind.

Welcomed to the Colyum as its new reporter from Mechanical Inspection is **Louise Gardipee**—she formerly has been with Employment and in the Engineering Division.

Research Services sends rapid recovery wishes to hospitalized **W. A. Fillers** . . . Also to **H. G. Simerly** and to the mother of **Charlotte Smith** . . . **C. A. Scarbrough** is visiting in Melbourne, Fla., just a short distance from Cape Canaveral.

All the golf courses hereabouts will get a working over from **E. L. Hendrix**, Electrical, during his vacation . . . **T. E. Rogers** will do some work around his home and then relax on the lakes while fishing . . . **R. H. Freeman** and Mrs. F. are visiting kin folks in South Carolina . . . **M. J. Talley** is visiting his father in Carthage, Tex. . . . **W. H. Dial** is beaming like the Proud New Pop he is—little Karen Denise Dial was born April 10 at Baptist Hospital, Knoxville and the little redhead weighed in at seven pounds, six ounces . . . Electrical and Research Services swapped a couple of fellows recently—Electrical sending **J. L. Kennedy** to Research Services and **A. G. Dunnam** coming to the Electricians.

That's all there is—there ain't no more.

## BROWNING IS ADVANCED

Jackson B. Browning has been appointed vice president of the Union Carbide Development Company. He joined the Corporation in 1948 and has been associate patent counsel for Union Carbide since 1956.

## Clinton Jaycees' 'Miss Anderson County' Show Set

Members of the Clinton Junior Chamber of Commerce, which has a big representation of Y-12 employees, now are completing plans for their annual "Miss Anderson-Miss America Pageant." Competing for the crown on Friday and Saturday, May 6 and 7 will be 10 charming young ladies in the senior division between the ages of 18 and 28 while in the junior division for girls 18 years old or younger 10 entries have been received.

The pageant will be held in the Clinton Grammar School. The winner in the senior division will be crowned "Miss Anderson County" and receive a Miss America statuette trophy. The winner will be eligible to compete in the "Miss Tennessee" contest in Jackson Tenn., in July. She also will be awarded an all-expense trip for two to New York City and the winner and runner-up also will share a minimum \$175 scholarship. The winner in the junior division will be awarded a loving cup, complete wardrobe and a trip to the state finals in February.

## Silicones Erects New Building At Long Reach

The Silicones Division of Union Carbide Corporation has announced completion of a new process development building at Long Reach, W. Va. The three-story building is equipped for a variety of work. It contains facilities for batch and continuous processes, high-pressure experimentation and for reactions and distillation of a wide range of products encountered in the processing of chlorosilanes. Process development activities, formerly located at the Silicones Division laboratory at Tonawanda, N.Y., have been transferred to Long Reach.

## Plastics Company Increases Production Of New Resins

The Union Carbide Plastics Company has announced increase in its production of polyvinyl ethyl ether resins. These resins are a raw material for the family of adhesives that maintain permanent "tackiness" and bonding strength. The increase in capacity was made at the South Charleston, W. Va., plant. The largest application for the compound is in the manufacture of pressure-sensitive adhesives for such uses as "do-it-yourself" wall coverings and fabrics and electrical and packaging tapes. It also is used in calking compounds and as an industrial sealant.

## SEADRIFT TO GET PIPELINE

A 108-mile pipeline is to be laid to the Seadrift, Tex., Plant of Union Carbide Chemicals Company from the Humble Oil Co. King Ranch gas plant at Ella, Tex. The line will be built by the Seadrift Pipeline Corp., a subsidiary of Union Carbide Corp.

A comedian is never that when he takes himself too seriously.

Bob "Derby" Baker

## Square Dance Set For Palsy Center; Y-12er Will 'Call'

The third annual benefit square dance to be presented by the Ridge Runners, Oak Ridge square dance group, to assist the Cerebral Palsy Center in Oak Ridge will be presented on Saturday night of this week, April 23. The affair will be staged at the Oak Ridge High school cafeteria.

Among the 16 "callers" for the square dance program will be a Y-12er. He is Bob "Derby" Baker, of the Mechanical Maintenance Department. He earned his nickname because always wearing a derby hat while calling the square dance movements.

Proceeds from the benefit dance will be used to buy special therapy and educational equipment for the Cerebral Palsy Center. Several door prizes will be awarded.

## Claremont Quartet Will Present Final Chamber Concert

The Oak Ridge Civic Music Association will present the Claremont String Quartet in the final concert of the season's chamber music series on Saturday night of this week, April 23. The concert will be at 8:15 o'clock in the Playhouse Theater on Jackson Square. The group has just completed a tour of Alaska where as a part of the quartet's project to introduce chamber music to audiences of all ages and backgrounds, they played 19 concerts for Alaskan school children.

Because of their extensive repertoire of 75 works, the Claremont Quartet is enjoying a growing demand for their programs of selections ranging from early masters to advanced moderns. The Haydn Op. 76, No. 5, which will open the program, is popularly known as the "Largo" because of its ethereal movement. Arnold Schonberg's third quartet will form the second part of the program. The final offering will be a A Minor Quartet by Schubert.

## AWS And Dealers To Offer Cutting Demonstration

Staged under the auspices of the Northeast Tennessee Section of the American Welding Society and sponsored by the welding supply dealers of Knoxville will be an Aircro linagraph cutting demonstration at the Dempster Brothers plant in Knoxville tonight, Wednesday, April 20. The demonstration will start at 7 o'clock at the Springdale Ave., entrance to the Dempster plant. J. X. Merkt, assistant manager of engineering services of the Air Reduction Co., will present the demonstration of the linagraph procedure. Other modern burning equipment also will be shown.

## 'Gas Chromatography' Topic At ACS Meet

### duPont Research Man To Speak On Tuesday

"Gas Chromatography" will be discussed at a meeting of the East Tennessee Section of the American Chemical Society on next Tuesday night, April 26. The meeting will be at 8 o'clock at the Oak Ridge High School Cafeteria, preceded by a dinner at 6:15 o'clock at the Davis Cafeteria, Oak Ridge Downtown Section. No reservations are necessary.

The speaker will be Dr. Stephen Dal Nogare. He is a research associate in the analytical research and development group of the Polychemicals Research and Development Division of the du Pont Co., Wilmington, Del. In his talk he will outline the principle and theory of the various forms of gas chromatography. He will describe the components and detectors employed in the basic apparatus and will conclude with a number of applications to high boiling materials, trace analysis and homologous series separations.

Dr. Dal Nogare received his B.S. Degree in chemistry from Beloit College in 1944 and his masters and doctorate from the University of Wisconsin in 1947. He joined the duPont firm that year and in 1949 he held a one-year post-doctoral fellowship at Princeton University.

Ride or riders wanted or will join car pool from Fountain City to West Portal, A Shift. C. C. Williams, plant phone 7028, home phone Knoxville MY 1-9462.

Ride wanted from Gleason Road and Unit No. 10, West Hills, to Central Portal, straight day. S. J. Claiborne, plant phone 7688, home phone Knoxville, 8-2565.

Ida Mae Crisp

## Y-12er's Daughter Honored By CHS For Her Activities

An attractive and popular daughter of a Y-12er was named February Citizen of the Month at Clinton High School, where she is in the senior class. She is Miss Ida Mae Crisp and her father is S. T. Crisp, of the Tool Grinding Department in the Mechanical Operations Division.

Miss Crisp has been a member of the National Honor Society for two years and is corresponding secretary for the society. She also is secretary of the CHS Student Council. During her junior year she received a letter of commendation on the National Merit Scholarship examination she took at that time.

Other activities of the Y-12ers daughter includes membership in the school Spanish Club for three years, taking an active part in the Rainbow Girls, Girl Scouting and the Community Baptist Church, of which she is an active member.

## Obedience Class Enrollment Still Open For Y-12ers

Y-12 dog owners wishing to enter the obedience training class now being sponsored by the Oak Ridge Kennel Club may do so at the second class meeting set for next Tuesday night, April 26. The classes are held every Tuesday night at 7:30 o'clock in Warehouse No. 10 on Warehouse Road, Oak Ridge. They started Tuesday of this week, April 19, and the course consists of 12 lessons.

It is not required for this class that dogs be "pure-bred." However, for advanced work in this field such as the American Kennel Club sponsored obedience trials where the CD (Companion Dog), CDX (Companion Dog Excellent) and UD (Utility Dog) degrees are awarded for points won in competition, it is required that the dogs be pure-bred and registered. Instructor of the Oak Ridge class will be Stanley Fulkerson, Oak Ridge National Laboratory and a former Y-12er.

## Bids For Hay Harvesting To Be Opened On May 5

Bids are to be opened at 2 o'clock Thursday afternoon, May 5, by the Carbide Property Sales Department, for the cutting, bailing and removal of hay from three tracts of land both inside and outside of the Y-12 Plant Area. Inspection and description of the three areas may be obtained from the Property Sales Department, located in Company warehouses on River Road near Elza Gate, plant phone 4601.

Luck has a way of favoring those who don't depend on it.
